October: Cipher Cee Truth

Cee the Truth

**Within the Cipher, wisdom
spins,**

**Truth begins where sight
begins.**

**To Cee is more than eyes can
show,
It's knowing Self and letting
grow.**

**The hawk ascends on wings of
mind,
While ostrich hides from what
it'll find.**

**The babies watch what we
display**

**Our actions teach the righteous
way.**

**Break the barriers, false and
old,
Let clarity remind of the goal.
For in each thought, word, and
deed,
We plant the truth the babies
need.**

Peace! Cipher is Allah's Five Percent, a Nation of Gods and Earths. Cee is to have a clear comprehension not only of who you are by nature and origin in this world, b.u.t. also of all that we think, say, and do. Cee is the verb of understanding. Truth is that which is real and proven to be so through our Ceeing.

As true and living Gods and Earths, Ceeing comes through critically analyzing and correctly interpreting that which reveals the truth of what we are doing the Knowledge to whether it be a person, place, or thing. It is then incumbent upon us, as individuals, to determine how we will implement that truth or its polar opposite within our daily thoughts, actions, and deeds.

We can become as the great hawk, soaring to heights of learning, accomplishment, and achievement; or we can become as the flightless ostrich, burying our heads in the sands of confusion and delusion.

In effect, are you a conscious or unconscious righteous contributor to Allah's World Manifest, or are you a conscious or unconscious tacit contributor to the devil's social equality? Cipher Cee Truth reveals which one you are and whichever narrative reveals itself on the pages of your daily existence is the narrative you are teaching to the babies.

This is the Hereafter we pray to live to Cee. Many of the Elders used to teach, "Never raise your babies to Cee anyone greater than you, until you raise them to be greater than you."

This is Cipher Cee Truth Over Barriers Erected Religiously. This is what Allah The Father did.

In October 1964, Equality Knowledge solar cycles ago, Allah, with the solidification of the First Nine Born, built a Cipher that would Cee Truth Over

Barriers Erected Religiously. A Cipher (Nation) that would soar to great heights of learning, accomplishment, and achievement. We would be in the midst of the devil's social equality, b.u.t. dominated by Allah's World Manifest.

I am physically incarcerated, b.u.t. as a true and living God, my life is not determined nor directed by this incarceration. This is the same narrative we must impart to the babies in this day and time.

Equality Knowledge is what?

"Nor will they say, 'See here!' or 'See there!' For indeed, the kingdom of God is within you." Luke 17:21
"You are of God, little children, and have overcome them, because He who is in you is greater than he who is in the world." 1 John 4:4

Allah The Father showed us the way and in this day and time, we need that way more than ever. Equality Knowledge solar cycles ago, in October 1964, was Day One. Allah showed and proved the Equal Quality of His Knowledge to the babies.

So ask yourself: What is the Equal Quality of your Knowledge to the babies?
Good Orderly Direction in Allah's World Manifest or God Cipher Deterred in the devil's social equality?

The babies now live in the midst of a social equality that teaches them Knowledge of Self and origin in this world does not matter, and that what matters most is being a loyal member of the herd mentality of accepted subjugation under the powers that presently be.

"Speak not the truth, for the truth shall get you persecuted." Blindly accepting the dictates of their subjugation and their lies will bring you the reward of promises of becoming great again.

"Tell me, why was Yakub so successful in all his undertakings?"

In this day and time, with all that is taking place, are you teaching the babies this truth as great hawks or as flightless ostriches? Know this: you are either determining, or allowing someone or something else to determine, their Cipher Cee Truth Over Barriers Erected Religiously or their Cipher Cee Truth Objectified by Erroneous Reasoning. Peace!

Understanding Self Allah

Peace! When we speak on Cipher, we're dealing with the circle of life...completion, wholeness, and the truth revealed when everything comes full circle. To Cee Truth is to look at reality for what it truly is, not what we wish it to be. That's important because time doesn't stand still. Seasons change, societies shift, and our babies are growing up in a world that moves fast. If we don't adjust, acknowledge where we are, and learn with the changing times, we fall behind.

This month, as fall sets in, nature shows us a reflection of change: leaves shift colors, the air grows crisp, and the earth prepares for rest so new life can emerge later. That's a lesson for us. Just like the trees let go of what no longer serves them, we too must release outdated ways, grudges, or limited visions that hold us back. We must step into a season of preparation refining, collaborating, and planting seeds that will grow into a future our children can inherit with strength.

Right now, we are behind in many areas: education, economics, health, technology, and Nation-building. The solution isn't just about "getting a school" or "acquiring a building." A building without structure, curriculum, unity, and shared responsibility is just four walls. What we really need is the foundation: resources, strategies, and collaboration. We need to work together to establish systems of self-sufficiency that will endure. Because handing over something to the next generation isn't about leaving them property it's about leaving them preparedness. A strong school of thought. A clear system of unity. An example of collaboration over competition. When we put our egos aside and build in Cipher, the babies cee not just words, but actions that teach them how to sustain a Nation. What we build today must be worthy enough to be carried tomorrow. Peace.

Star's Corner

"Let's grow, learn, and shine together!"

We are so excited to have you with us! Star's Corner is a safe and joyful space where our children shine through learning, creativity, and culture. Here, we build together just like we are at Parliament or a social equality reading, solving puzzles, exploring history, and celebrating who we are. Parents, thank you for sharing your stars with us. Babies, remember: you are bright, powerful, and loved.

Show Us Your Shine! Did you earn a school award, certificate, or special recognition? Bring those grades home with pride, whether it's A's, B's, or simply showing growth, we want to celebrate YOU!

We also love seeing your creativity in action. Share photos of what you baked, built, or wrote. And don't forget our favorite, grab a book, hold it up high, and snap a picture of yourself reading.

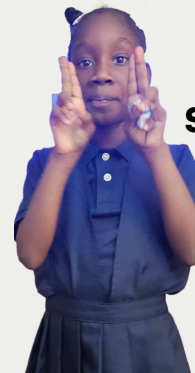

Let's showcase the many ways our babies shine bright by emailing: thefruitsofeden@gmail.com

KEEP SHINING!

At Star's Corner, we believe every child is a star waiting to shine brighter through the power of reading. Our Read & Shine Program encourages children to explore stories that expand their minds, strengthen their character, and connect them to culture and truth. Families are invited to submit reading logs and photos of their reading adventures because every page turned is a step toward brilliance!

Star Highlight:

This month, we honor **Skylar** for showing incredible bravery and strength. When her auntie had to be rushed to the hospital, 7-year-old Skylar stood tall and clear-minded; she stayed calm, called for help, and made sure everything was handled with love and focus. That's what it means to shine with courage and strength. KEEP SHINING, SKYLAR!

Congrats, Skylar on her Leadership Award

WORD OF THE MONTH: INVESTMENT

Investment (say it slowly: In-VEST-ment) means when you invest, you put time, care, or energy into something so it can grow stronger later!

- When you study and listen in class, you're investing in your mind.
- When you help a friend, you're investing in love and kindness.
- When you save your money instead of spending it all, you're investing in your future.

Think about it: What are you investing in this month? Your reading? Your dreams? Your family?

Star's Corner Challenge: Draw or write one thing you want to invest in this month...something that helps you shine brighter!

Queen I-Wisdom Understanding Earth:

"When you invest in yourself, you help your dreams grow! Every book you read, every new thing you learn, and every kind choice you make is a seed for your future."

To invest is to put energy, time, and resources into something that will grow. Whether it's knowledge, family, or community, every investment shapes our future.

When we invest in reading, we gain wisdom. When we invest in unity, we build strength. When we invest in the babies, we secure a Nation. True investment isn't about what we spend. it's about what we grow.

So let's make every thought, every action, and every dollar a seed that produces something lasting and righteous.

Unscramble the Investment Words!

1. SVANIG

Clue: Putting money or time aside to use later.

Answer: _____

2. HWORTG

Clue: What happens when you keep learning and working on something!

Answer: _____

3. TTSRU

Clue: Something families use to protect their homes or money for the next generation.

Answer: _____

Lesson Connection:

Just like a garden, our growth takes time. What we care for, we grow.
What we ignore, we lose.

Every book read, act of kindness, and moment of focus is an investment in becoming stronger, wiser, and more capable of building for the future.

"Start Small, Grow Big!"

Peace, Stars! When it comes to the word investment, it might sound big b.u.t. it starts with small choices. Investment means putting something in now to get something better or greater later. Let's look at how small choices today can grow into big wins tomorrow:

- If you read books, you grow smarter.
- If you save money, you can buy something big.
- If you practice, you get better.

It's like planting a seed. You water it, and one day it becomes a tree.

So, ask yourself: What am I growing today?

Your time, your effort, your choices, they're all investments.

Peace.

Star's Corner Activity: "My Investment Garden"

Theme: Planting Seeds of Growth

Activity Steps:

Draw Your Garden:

Have each child draw or color a flowerpot with several plants or flowers growing out of it.

Label the Seeds:

On each seed, leaf, or flower, write one thing they are investing in this month.

Examples:

- "Reading every day"
- "Helping my family"
- "Learning Supreme Mathematics"
- "Taking care of my health"
- "Being kind to others"

Watch It Grow:

Encourage the children to hang their "Investment Garden" somewhere they can see every day.

Each week, they can add new "flowers" or "fruits" to show how their investments are growing!

Reflection Time:

At the end of the month, ask:

- "Which of your seeds grew the most?"
- "How did your investment make you feel?"
- "What will you keep watering next month?"

****Email pictures, videos or present at Parliament in December.

Understanding's Legal Corner

Protecting Your Assets & Property in the Current Political Atmosphere

ATTENTION

A trust is a legal arrangement that helps you protect and manage your property, money, or assets for yourself or someone else. Think of it as a secure box where you place your valuables, but instead of locking them away, you create clear rules about how and when they can be used.

A trust can:

- Keep your property safe from being tied up in court after you pass.
- Protect your assets from creditors or outside claims.
- Help your family avoid confusion or conflict about ownership.
- Ensure that your land, business, or investments stay within the family or Nation.

In these changing times, ownership and control are more than economic goals they are acts of protection and preservation. The current political atmosphere reminds us that what we build can be taken, taxed, or controlled if it's not legally secured. From property to business to personal investments, we must protect what we've worked for not only for ourselves, but for the generations that follow.

1. Make Sure Your Title Is Clear
2. Establish a Family Trust or Estate Plan
3. Keep Taxes and Records in Order
4. Know the Laws of Eminent Domain & Seizure
5. Create Legal Unity

If you face legal threats or confusion about your rights, seek proper legal advice. There are many nonprofit and grassroots organizations that offer free or low-cost legal assistance. A short consultation could prevent a lifetime of complications.

True freedom isn't just owning property; it's understanding how to protect it. In this political atmosphere, ignorance is vulnerability, but knowledge is defense. The same way we study Supreme Mathematics to master self, we must study the legal codes that govern ownership.

"Knowledge will forever govern ignorance; and a people who mean to be their own governors must arm themselves with the power which knowledge gives."

- James Madison

DID YOU KNOW?

1947-2025

- Did you know Assata Shakur was born JoAnne Deborah Byron in Jamaica, Queens, NY, in 1947, and later took the name "Assata," meaning she who struggles in Swahili?
- Did you know Assata Shakur was a member of both the Black Panther Party and the Black Liberation Army, focusing on survival programs and community defense?
- Did you know Assata Shakur was targeted by the FBI's COINTELPRO program, which aimed to dismantle Black liberation movements in the 1960s and 1970s?

Assata Shakur is a powerful symbol of strength, truth, and unwavering courage. As a member of the Black Panther Party and the Black Liberation Army, she stood boldly against injustice and fought for the freedom and dignity of her people. Because of her activism and the things she was accused of, Assata was forced to sacrifice nearly everything...her family, her home, and the comfort of a normal life. Yet, even in exile, she remained unbroken.

Her courage teaches us that standing for truth often comes with great cost, but it also leaves a legacy that can never be erased. Assata's words and example remind us that liberation begins with knowledge of self, and that real freedom requires bravery, sacrifice, and love for the people. She must always be remembered not just for what she endured, but for how she rose above it, turning struggle into strength and exile into everlasting inspiration.

"Roots & Remedies"

Inflammation is the body's way of responding to stress, infection, or injury, b.u.t. when it lasts too long, it can cause pain, fatigue, and disease. Many of the foods, drinks, and habits we take in daily either calm or worsen inflammation.

One of those powerful healers is the Soursop leaf. For generations, it has been used across the Caribbean, Africa, and Latin America for its anti-inflammatory, immune-boosting, and nerve-calming properties. Soursop leaves contain natural compounds that help reduce swelling, ease joint pain, and support deep rest allowing the body to restore itself from within.

Cleanse. Restore. Recharge.

Planted Vibe Total Body Detox is more than a drink, it's healing in motion. This powerful blend works to flush toxins, reduce inflammation, repair nerves, and restore organ health helping your body return to its natural rhythm of balance and energy.

Ingredients: • Sorrel • Eucalyptus • Jamaica Strong Back • Mauby Bark • Chaney Root • Soursop Leaf

BEST TEA EVER - ½ Gallon Jug - \$40
